# This year's state budget increased state spending and debt by hundreds of millions of dollars.

**Our current state representative, Guy Liebmann, voted for it.**

And taxpayers got nothing out of the deal – no tax cut like we had been promised all year and no reform of the corrupt tax credit scheme (which functions as a giant, corporate welfare payoff to politically connected donors to legislators' campaigns).

This is the type of budget we would expect from Barack Obama and Nancy Pelosi in Washington, not a state Legislature dominated by Republicans.

**We need Republicans in office who actually vote like Republicans.**

**Mike Turner won't just campaign as a conservative – he'll vote that way too!**

He'll stand up to the liberals and big spenders at the Capitol, not just “go along to get along” like our current Representative.

**Mike Turner will fight for you!**

**On June 26th –  
Vote for Mike Turner**
